

SUNERGY SOLAR was founded in 2015 on the premise of designing and installing customized solar PV systems to meet the needs of businesses throughout Bahrain. Solar is our single focus. SUNERGY commissions and executes projects of any proportion on a turnkey basis from concept to completion as per the custom requirements of clients.

Solar Street Light As time goes by, solar power is becoming more popular in different products, in different regions. Before solar power is only introduced via solar panel systems but with the use of modern technology and innovations, many products are now being equipped and powered by solar power. One of the popular solar products today is solar street lights. If you will observe ...

Wholesale Solar Battery for sale! A solar battery is a device that is charged by a connected solar system and stores energy as a backup for consuming later. Users can consume the stored electricity after sundown, during peak energy demands, or during a power outage. Why Use Solar Power Storage? Using a solar battery can help users to reduce the amount of electricity they ...

Wholesale Lead-Acid Battery for PV systems Invented in 1859 by French physicist Gaston Planté, the lead-acid battery is the earliest type of rechargeable battery. In the charged state, the chemical energy of the lead-acid battery is stored in the potential difference between the pure lead on the negative side and the PbO₂ on the positive side, plus the aqueous sulphuric acid. The ...
