

Belgium powersafe sbs 40

Is EnerSys powersafe SBS 40 battery good?

LIVE OPERATORS! The original EnerSys PowerSafe SBS 40 Battery has a proven long service life and up to two year shelf life. It's compact size and high energy density make the PowerSafe SBS 40 a popular 12 volt power supply in competition vehicles. PowerSafe SBS 40 has a low ventilation requirement and wide operating temperature range.

What is a powersafe sbs40 battery?

The EnerSys PowerSafe SBS40 battery from Specialist Power Systems continues to offer unrivalled choice and performance in compact and energy dense configurations. The PowerSafe SBS40 is manufactured to the highest international standards and ideal for reliable use in all wireless and fixed-line communication applications.

What is the maximum operating temperature of a powersafe SBS battery?

The advanced thin plate, pure lead technology and unique manufacturing methods, used by EnerSys, make PowerSafe SBS batteries the choice for long and trouble-free service. The maximum operating temperature of the PowerSafe SBS J series battery can be extended to 176°F (80°C) via an optional metal jacket.

What battery sizes are available for powersafe SBS batteries?

PowerSafe SBS batteries are available in both 12-volt front-terminal and 2-volt OPzV and OPzS DIN container sizes, and an extensive range of Ampere-hour (Ah) capacities, providing flexibility to fit any setup.

How do I contact powersafe sbs40?

Call us on 01234 851155 to discuss your requirements and how we can help you find the right product and support. For more information, please call us on +44 (0) 1234 851155 or send us a message below. The PowerSafe SBS40 is manufactured to the highest international standards and ideal for use in wireless and fixed-line communication applications.

What is a powersafe SBS top terminal battery?

PowerSafe SBS top terminal batteries are available in capacities of 7Ah to 361Ah and in 2,6 and 12V blocs. Smaller than competitive products, and in unique SBS and Japanese Industrial Standard (JIS) footprints, SBS products are suitable for a wide range of telecom and reserve power applications especially where space is limited.

The original EnerSys PowerSafe SBS 40 Battery has a proven long service life and up to two year shelf life. It's compact size and high energy density make the PowerSafe SBS 40 a popular 12 volt power supply in competition vehicles.
