

Brx energy Lesotho

What does the Department of energy do in Lesotho?

The Department of Energy is committed to increasing energy access and ensuring security of energy supply in the country. The Department of Energy is tasked with promotion and implementation of renewable energy projects and programs. A website of the Department of Energy (DoE) in Lesotho with an Energy Management Information System (EMIS).

Does Lesotho need electricity?

The country is renowned for an abundant supply of unspoilt and unexploited water resources, capturing approximately 50% of Southern Africa's total catchment run-off, therefore, hydropower contributes to most of its electricity needs. When it comes to energy access, Lesotho is considered one of the lowest in Africa.

Who owns Lesotho Electricity Corporation (LEC)?

Lesotho Electricity Corporation (LEC) generates, transmits, and distributes electricity. The company also owns and operates hydro power stations. LEC is wholly owned by the Government of Lesotho (GoL). The Basotho Enterprises Development Corporation (BEDCO) is a parastatal of the Government of Lesotho.

Lesotho: Many of us want an overview of how much energy our country consumes, where it comes from, and if we're making progress on decarbonizing our energy mix. This page provides the data for your chosen country across ...
