## Burundi solar sunny boy

The first uses solaredge power optimizers and the second uses SMA sunny boy. Ive read a lot on both and I am leaning towards the sunny boy for a few reasons. Cost - sunny boy quote is \$2500 less Power outage - Sunny boy allows you to run 2000 watts directly off the panels during the daytime when the grid is down.

New generation Sunny Boy inverters now come equipped with built-in WiFi and an Ethernet port for monitoring. ... We had a solar array system & Sunny boy 3 installed Dec 27,2016. The WiFi worked for a while then stopped and started randomly. Some times 2 or 3 weeks with no data to web app. At this time it has not connected since Aug. 23rd.
