At WhP, we truly care about your global content WhP Localization Company Since its foundation in 1994, WhP has matured and crafted its DNA in the localization realm. Originally named Wegwitz H&#246;ser und Partners after the name of its founders, the company became WH& P, then WhP, the initials that we carry today. When Dominique Trouche,...

WHP systems are typically eligible for renewable energy incentives and credits, while cogeneration is often excluded. Combined Heat and Power (CHP) and WHP both use conversion technologies like Organic Rankine Cycle technology to generate electricity; however, there are critical differences that distinguish each system.
