Caterpillar's exhibit, &quot;The Next 100 Years: Experience What's Possible,&quot; will feature a combination of technologies and professional insight designed to highlight some of the ways ...

Energy as a Service is a way to consume energy that can be at little to no cost to your business. How does it work? An energy solution, which can include multiple electric power assets such as diesel or gas generator sets and renewable energy sources, is installed at your site(s) but owned by a third-party investor who is responsible for servicing and maintenance.

Caterpillar Energy Solutions represents the product brands Cat and MWM. Both brands stand for highly efficient, powerful gas engines and distributed energy generation plants. Caterpillar supports its customers around the globe in rolling out power plant projects. The MWM brand is a legacy of the automobile pioneer Carl Benz, who founded the ...
