Chad polaron solar

If your Solar system generates more power than consumed, your power bill will be negative, and you will get energy credits for when your home appliances consume more than the Solar system produces. Note that the generation will be relatively low in the winter months, but will get higher as we approach the summer solstice.

Power your home with a \$5,000 Polaron guaranteed rebate when you sign up for a solar installation, available with the 10-year 0% interest Government of Canada Greener Homes Loan in Alberta. Polaron is offering a 0% BESSline 16 months financing program.

There are plenty of good, local residential/small commercial companies available (Solar Ascent, WattsUp, Highmark Energy, sunkissed) and there are a handful of commercial/utility only installers (Natural Forces Solar, Goldbeck Solar). So how did you come to Polaron only?
