

Compass energy solutions French Polynesia

Who is compass energy solutions?

COMPASS ENERGY SOLUTIONS, one of the nation's premier energy service companies, provides comprehensive and proven energy infrastructure development, asset management, and efficiency improvements to a wide range of commercial, institutional, state, and local government customers.

What does Compass energy do?

Beginning in 2009, Compass Energy partnered with the City of Clovis to develop, manage and implement cost-effective, energy-efficient & renewable solutions. Over the past decade, the City has reduced its energy consumption and operating costs by over 48%. Santa Monica College partnered with CES to develop sustainable campus-wide solutions.

Why did Santa Barbara City College choose compass energy solutions?

Santa Barbara City College (SBCC) selected Compass Energy Solutions to focus on sustainable campus development. Working closely with the Facilities and Campus Development Director at SBCC allowed Compass Energy to help the campus reach its energy efficiency and sustainability goals.

Compass is now managing a new type of energy network where you live. This is called an "embedded network". It connects to the normal gas and electricity supplies and means our supplier can buy energy in bulk. This reduces prices for both gas and electricity. You can benefit from this by signing up for this new service.
