Where can Driptech irrigation supply high quality irrigation pumps & materials?

For the past decade, we have been procuring high quality and durable irrigation pumps and materials from DripTech Irrigation branches across Zimbabwe. Our biggest project so far was, installation of Jasper & Ruby sediment filters at Freda Rebecca Gold Mine.

What does Driptech irrigation do?

DripTech Irrigation provides an end-to-end solution by advising on design and installation of irrigation and pump systems, supplying all the required equipment, and offering spares and technical back-up. We believe in building long-term relationships and creating lifetime partnerships and support for clients.

How good is Driptech Glenara?

"Our company has been using DripTech Glenara ever since it opened near the Thorn Tree. The location, access and parking are very good. The staff are knowledgeable and helpful. The stock levels are always good and if the branch does not have them, they jump around and get them quickly.
