Kalmar has a long heritage of eco-efficient and electrically powered solutions, with expertise in yard crane electrification extending back to the 1970s. Over the years, Kalmar has invested heavily in developing electric, diesel-electric and hybrid solutions for cargo-handling equipment, and the company was one of the forerunners in hybrid ...

The global economy has climbed from 1.37 to 85.93 trillion dollars during the period from 1960 to 2018 (World Bank, 2018). However, this rapid economic growth has resulted in excessive consumption of resources and ecological problems (Huang et al., 2021; Zhang et al., 2019a; Chen et al., 2019a). For example, one report shows that the total primary energy supply ...

A big thank you to the whole team of Ecoefficient Solutions. It was an absolutely pleasure to work with Laura, her team and the electricians who did the whole installation in a day (even facing a few challenges and no time for coffees). It was always a dream of us to go solar. Not only to save money, just to do something for the planet.
