

Enterprise ESS system project financing options in Kuwait 2030

Will the project market rebound in Kuwait?

The project market in Kuwait is expected to rebound in the near future, as reports indicate that the Kuwaiti government has approved 35 projects worth up to \$51 billion to modernize its infrastructure and facilities. Projects worth approximately \$25 billion are expected to be completed by 2030.

How many projects has the Kuwaiti government approved?

KAMCO Invest reported that the Kuwaiti government has approved thirty five projects valued at approximately \$51 billion to modernize its infrastructure and facilities, as highlighted by Al Rai newspaper.

What is the value of future projects in Kuwait?

o The total value of future projects in Kuwait amounted to \$108.4 billion in October 2024, representing 7.5 percent of the total future projects in the GCC countries.

How much money did Kuwait spend in Q3 2024?

The total value of contracts awarded in Kuwait exceeded the \$2 billion mark in the third quarter of 2024, despite a year-on-year decrease of 10.9 percent, reaching \$2.1 billion compared to \$2.3 billion in the third quarter of 2023. This figure marks the third highest level in 16 consecutive quarters.

Is ESS a viable technology in MENA?

With the lack of a long-duration grid-scale ESS to date, ESS is still viewed as an emerging technology in MENA and associated with high technology and financing risks by the private sector. Accordingly, ESS projects might require more equity spending as compared to conventional power and renewables projects for the short to medium term.

Should ESS be used in a solar auction?

Although some auctions are focused on ESS or solar plus storage, deployment targets emphasize only renewable energy generation and do not account for energy storage systems. Moreover, some regulations may be unfavorable to the deployment of ESS, such as the net-metering scheme on a flat tariff.
