

Enterprise ESS system supplier quotation in Spain 2026

How can a company become a supplier to ESS?

This page serves as an overview of the entry points to ESS, providing guidance on how companies can become suppliers to ESS. Companies interested in ESS business opportunities can register a business profile in the ESS Supplier Portal to enable matching of potential suppliers with ongoing procurements.

Will the external ESS market recover in 2025?

IDC expects that the recovery of the external ESS market will be pushed into 2025 as the strong growth in investments into computing infrastructure will start slowing down.

What is ESS Energy warehouse TM?

As an indication of this demand, ESS has already announced customer orders from ENEL in Spain for the delivery 17 ESS Energy Warehouse(TM) iron flow battery systems, providing a combined capacity of 8.5 MWh, which will be used to support an EU-backed solar farm and provide resilience for the local power grid.

What makes ESS a great company?

"ESS is the leading LDES battery maker in the world and best placed to drive the decarbonising of our energy systems in Europe. To work with such a strong company on a such a critical mission is a challenge I thoroughly look forward to."

Should ESS bring LDEs technology to Europe?

"Based on our success in the US, it makes sense to bring our technology to the European market where demand is so strong," says Eric Dresselhuys, CEO of ESS. "LDES technologies are the only way we can combat the devastating effects of climate change."

How did the external OEM enterprise storage systems market perform in 2024?

The external OEM enterprise storage systems (ESS) market reported annual growth of 3.6% in the fourth quarter of 2024, completing the year at 2.5% annual growth and \$33.5 billion in spending. Despite a recovery cycle after declines in 2023 the spending for the year was just \$100 million shy from the level of spending in 2022.
