

So I think I need a BMS that can handle 200A, and I need it to have a low-temp cut-off so that I don't kill the cells. I've read that the low-temp cutoff doesn't work as advertised for lots of of the available BMS's. I've read great things here about the Overkill BMS, but the 24V version only goes to 100A.

I have created a VenusOS driver that can talk to BMS/Batteries that has serial communications (instead of the normal CANbus). RS485/RS232/TTL/UART and Venus 2.80+ have been tested. Currently it works with JBD BMS (LLT Power / Overkill Solar) Daly BMS (Daly Smart BMS / Daly Sinowearth based...

1) Application: this smart BMS can work for 12S 13S 14S 15S Lithium ion or Lifepo4 Battery, client can choose based on your battery chemistry features 2) Current : constant current of this version BMS can be made with 20A to 60A in ...

What BMS would you recommend for this system . mikefitz Solar Wizard. Joined May 28, 2020 ... LLT POWER ELECTRONIC Features and Characteristics : Characteristics : this is a smart BMS with Bluetooth and PC communication which will be used to protect and monitor your battery status visible from the computer and your android APP phone .which can ...

Daraufhin leuchten die grüne Status-LED und die blaue Bluetooth-LED am Lynx Smart BMS sowie die grüne Power-LED am Lynx-Verteiler auf. LEDs des Lynx Smart BMS. 7.3. BMS-Betriebsarten. Das BMS im Lynx Smart BMS kommuniziert mit den Batterien und schützt sie vor Unter- und Überspannung und niedrigen Temperaturen. Solche Ereignisse werden von ...

7s - 21s 200a 300a High Continuous Discharge Current 160ma Balance Current Smart Lithium Lifepo4 Bms - Buy 16s 200a Lifepo4 Bms active Balance Bms 48v Lifepo4 Bms Product on Alibaba m.alibaba

1) Application: this smart BMS can work for 3 to 4S Lithium ion or Lifepo4 Battery, client can choose based on your battery chemistry features 2) Current : constant current of this version BMS can be made with 40A to 120A in according to the different demand 3) Dimension: :Max 138\*102\*15mm for More than 60A current, and 138\*102\*10mm for less than 60A current 4) ...

1) Application: this smart BMS can work for 3 to 4S Lithium ion or Lifepo4 Battery, client can choose based on your battery chemistry features 2) Current : constant current of this version BMS can be made with 40A to 120A in according to the different demand 3) Dimension: :Max 80\*60\*15mm for 30A current, and 80\*60\*10mm for 10A or 20A current 4) Functions : Over ...

PC Communication Module of smart BMS with UART or RS485 communication and Bluetooth Communication module \$ 9.30 - \$ 11.60 Buy it now This product has multiple variants. The options may be

chosen on the product page; 6S to ...

I believe Shenzhen E-Fire is a reseller (of various BMSes and other electronics). The furthest upstream I've been able to follow this BMS is JBD / Jaibaida / LLT power which appears to be the manufacturer but I can't say with 100% certainty. Either way, you chose a popular BMS at a good price.

PC Communication Module of smart BMS with UART or RS485 communication and Bluetooth Communication module \$ 9.30 - \$ 11.60 Buy it now This product has multiple variants. The options may be chosen on the product page; 6S to 17S li ion or Lifepo4 smart BMS with CAN RS485 UART communication 60A 80A 100A 120A constant current for 36V 48V 60V BMS

Good Glad you've got it working. Is yours the new shorter black anodized model ? The next revision after the black enclosure models sell out will have a different relay, still JBD with Bluetooth but no enclosure.

@AussieSim I assume that is an LLT BMS, could you provide a link to it. If you got any docs, that would be helpful too. Is that "Box" pre-attached to the PCB or is that your handy work ? I like that solid copper connection, no muckin about there ! The two securing tabs on the black box makes...

The BMS is selected for your required loads. It's useful to select a BMS with a higher rating than your maximum load current for reliable performance. I suggest a BMS rated at 120 amps or higher for your battery. JBD brand can be shipped air freight to Europe from LLT electronics. I have used this BMS, very similar to the Overkill BMS,

The "Global Smart BMS Market" study report will provide a valuable insight with an emphasis on the global market including some of the major players such as Victron Energy, Bioboards, Westech, DFUN, Battery Hookup, Battery Tender, Bacancy, Tritex, Safiery, LLT Power, DALY, Neexgent. Smart BMS Market Segmentation

.head{font-size:normal;font-family:arial;font-weight:normal;color:#6c6c6c;} 1) Application:this smart BMS can work for 20S to 30S Lithium ion or Lifepo4 Battery,client can choose based on your battery chemistry features 2) Current : constant current of this version BMS can be made with 40A to 100A in accoridng to the different demand 3) Dimension:180\*110\*15mm 4) ...

1) Application:this smart BMS can work for 16S,17S,18S, 19S,20S Lithium ion or Lifepo4 Battery,client can choose based on your battery chemistry features 2) Current : constant current of this version BMS can be made with 60A to 100A in accoridng to the different demand 3) Dimension: :145\*120\*17mm 4) Communication type :UART and RS485 or CAN, client can choose it ...

Am currently gathering components to complete a new caravan build consisting of a 4S 500Ah setup and am looking for something similar to a JBD / LLT Power Bluetooth BMS (e.g. JBD-SP04S020).
