Built in 1909, the Mykines Holmur Lighthouse is planted at the westernmost edge of the Faroe Islands Built in 1909, the Mykines Holmur Lighthouse is planted at the westernmost edge of the Faroe Islands on an islet that's part of Mykines Island. And while many of the world's lighthouses are set amidst stunning surroundings, this location still stands out.

In the XNUMXth century, the French and the British disputed an archipelago east of Madagascar previously discovered by the Portuguese. The British triumphed, re-colonized the islands with sugar cane cutters from the subcontinent, and both conceded previous Francophone language, law and ways. From this mix came the exotic Mauritius.
