Who is Freudenberg E-Power Systems?

As a benchmark-setting e-mobility solutions provider, Freudenberg e-Power Systems designs, develops, and manufactures high-performance battery and fuel cell systems with exceptionally long operational lifetimes.

Who is Freudenberg battery power systems?

Freudenberg Battery Power Systems, LLC, focuses on the development, production, assembly, and service of battery systems for heavy duty applications in the truck and bus, marine and mining industries, among others.

Where are Freudenberg batteries made?

In 2022, this unit became a business group within the Freudenberg Group: Freudenberg e-Power Systems. While our products are used globally, we are located in North America and Europe. In the USA, we have a scalable production site for our battery systems in Midland, as well as a facility in Auburn Hills, both in Michigan.

Why should you choose Freudenberg E-Power Systems?

As one of the world's leading providers of sustainable power for heavy-duty applications, Freudenberg e-Power Systems has the battery and fuel cell solution that is right for you. The unique flexible and modular design of our battery systems makes them suitable for a wide range of applications, backed by an industry-leading warranty.

Who is Freudenberg & XALT Energy?

With the successful acquisition of XALT Energy LLC, a battery specialist in the US, and assets from Elcore, a Munich-based fuel cell system company, Freudenberg established a business unit to focus on developing and manufacturing complete battery and fuel cell systems.

Why did Freudenberg partner with LG Energy Solution?

"The partnership with LG Energy Solution enhances our leading battery offering for the bus and truck market," explains Dr. Max Kley, CEO of Freudenberg e-Power Systems. "Together we are able to offer our customers an unparalleled range of solutions specifically tailored to the demanding requirements of this market."

Freudenberg e-Power Systems | 6.260 Follower:innen auf LinkedIn. Freudenberg e-Power Systems is one of the world's leading suppliers of emission-neutral energy systems for heavy-duty applications.
