

General gold Philippines

Is there gold in the Philippines?

The trouble is that there's no good historical evidence that any such gold actually exists in a physical form. General Yamashita's supreme command of the Philippines was established very late in the war, at a time when the Japanese were mostly cut off from land and sea, making the transport of treasure practically impossible.

Is there gold hidden in the Philippines?

They argue that if there is as much gold hidden as history claims, there would be many more stories of discovery. There is little to no proof of any gold being found despite several claims by treasure hunters and Filipino natives to the contrary. Documentation and pictures should surely exist. But there is no such proof of any of these claims.

What happened to Asian gold in the Philippines?

Undercover operatives had tracked boats disguised as hospital ships to the Philippines and watched as the treasure was unloaded. For the Americans, the loot was fair game. Asian gold was largely unaccounted for in international finance, and the possibility of it falling under communist control had to be avoided at all cost.

Was Yamashita's gold a national obsession in the Philippines?

Yamashita's gold was a national obsession in the Philippines. Now the case of the missing treasure and the Marcos family are back in court - ABC News We've made it easier to find the stories that matter to you with a new homepage, personalised sections and more. Yamashita's gold was a national obsession in the Philippines.
