Who is Hamilton Sundstrand power systems?

Hamilton Sundstrand Power Systems, also known as APIC, has been in the large commercial transport APU business since the delivery of the first APS2000 APU in 1989. However, HSPS has a much longer history in the gas turbine design business, delivering APUs to the U.S. military since 1959.

Where does Hamilton Sundstrand manufacture C-130 propellers & control systems?

Hamilton Sundstrand will manufacture the new C-130 propellers and control systems at its Windsor Locks, Connecticut, US facility. The Lockheed Martin -built C-130H is the USAF's principal tactical cargo and personnel transport aircraft.

Who owns Hamilton Sundstrand?

The industrial division of Hamilton Sundstrand was sold by United Technologies in July 2012 to The Carlyle Group and BC Partners. In 2013, The four industrial companies became subsidiaries of new parent company Accudyne Industries, Inc.

Who is Hamilton Sundstrand?

Hamilton Sundstrand was an American globally active corporation that manufactured and supported aerospace and industrial products for worldwide markets. A subsidiary of United Technologies Corporation, it was headquartered in Windsor Locks, Connecticut. The company was formed from the merger of Hamilton Standard and Sundstrand Corporation in 1999.

When was Hamilton Sundstrand merged with Rockwell Collins?

In 2018, UTC Aerospace Systems and Rockwell Collins combined to form Collins Aerospace. On June 10, 1999, Hamilton Standard and the Sundstrand Corp. were merged, forming Hamilton Sundstrand. Hamilton Sundstrand traces its roots to the founding of the Sundstrand Corp. in 1905 and Hamilton Standard in 1910.

When was Sundstrand Corporation founded?

Sundstrand Corporation was founded in 1926 as a merger of two companies started by Swedish immigrants: the Rockford Tool Company and the Rockford Milling Machine Company in Rockford, Illinois. It was known as Sundstrand Machine Tool Company until 1959 when shareholders voted to change the name to Sundstrand Corporation.
