Haven Energy lands \$7M Series A 9 months after its seed round. By Tim De Chant. The startup hit the ground running with a \$4.2 million seed round to build a B2B2C platform connecting homeowners with contractors to a battery to their existing solar setup. See more stories.

As I am sure many are aware, energy drinks in Thailand seem to be non-carbonated by default, and to me at least not especially palatable. One exception (maybe the only?) is a decent apple-flavored carbonated energy drink in a can from Carabao that I recall buying at 7-11 in 2020, but can"t seem to find it in stores now (7-11, Big C, Makro) (although it is still featured on ...

Haven Energy is a well-funded, seed-stage startup focused on accelerating the adoption of home energy storage through a two-sided marketplace model. We believe that widespread, ...
