Who is HBA future energy?

HBA Future Energy Holdings Pte Ltd- The company was founded in January 2015 by a group of highly experienced and well recognized industry leaders with long and successful service record to provide focused and complementary multi-disciplinary services to the offshore and floating production sectors worldwide.

How will liquefied natural gas be used in Brunei?

The produced gas will flow to an onshore gas receiving facility and will be used as feedstock for the five-train Brunei liquefied natural gas plant at Lumut.

Is HBA partnering with E&P O&M services?

HBA is understood to have teamed up with E&P O&M Services (EPOMS) for its tender. Malaysia's MTC had earlier been interested in the contract but ultimately did not submit a bid ahead of the late May deadline, one person noted.

Will MISC and HBA comment on the Kelidang tender?

MISC and HBA have yet to respond to an opportunity to comment on the Kelidang tender. The Kelidang development comprises the FPSO to be installed in a water depth of some 1400 metres with a network of flowlines connecting up to six subsea trees in water depths of around 2000 metres.
