What does hydroma do?

A pioneer in the discovery, research, exploration and operation of natural hydrogen in Mali and worldwide, Hydroma also actively develops green hydrogen and ammonia production, storage, transport and distribution projects in West Africa and Canada for local use and massive exports toward Europe and international markets.

Is hydroma a natural hydrogen company?

Hydroma Inc is once again showing its zeal to develop the natural hydrogen sector while maintaining its first place. Natural hydrogen gas with over 95% purity has been observed in all newly drilled wells, with traces of helium associated with every hydrogen occurrence.

Who is hydroma Inc?

Founded by a Malian entrepreneur, Hydroma Inc is a Canadian leader in the development of large scale clean hydrogen projects with a strong focus on the African Continent.

What is hydroma's role in the West African Big Green Deal?

Convinced of the potential of natural and green hydrogen as enablers to accelerate sustainable development and growth worldwide, Hydroma is a key player in the establishment of a robust regional natural and green hydrogen economy via its West African Big Green Deal Initiative and Foundation (W.A.B.G.D.).

Where is hydroma drilling?

Undeniable pioneer of the discovery and promotion of natural hydrogen worldwide, Hydroma Inc has been conducting its new drilling campaign on its Block 25 since May 2022, 70 km from Bamako in Mali. Under the leadership of Malian Aliou Boubacar Diallo, the Canadian company is once again demonstrating its resilience and performance.

What is hydroma & PCA doing in Africa & Canada?

Back in December in Washington DC, Hydroma Inc and PCA signed a Memorandum of Understanding (MoU) to develop a green and natural hydrogen project portfolio in Africa and Canada!
