

Hydroma inc New Caledonia

What does hydroma do?

A pioneer in the discovery, research, exploration and operation of natural hydrogen in Mali and worldwide, Hydroma also actively develops green hydrogen and ammonia production, storage, transport and distribution projects in West Africa and Canada for local use and massive exports toward Europe and international markets.

Who is hydroma Inc?

Founded by a Malian entrepreneur, Hydroma Inc is a Canadian leader in the development of large scale clean hydrogen projects with a strong focus on the African Continent.

When did Petroma Inc become Hydroma Inc?

Petroma Inc becomes Hydroma Inc in 2019. Natural hydrogen is included in the German national hydrogen strategy. Chapman Petroleum Engineering publishes the NI 51 101 report on the estimated reserves of Hydroma Inc's natural hydrogen reserves in 2020.

When did hydroma start generating electricity?

In 2012, Hydroma began its first non-commercial pilot project of electricity production from natural hydrogen, a world first feat. For more than 7 years, the village of Bourakébougou benefited from free electricity without CO₂ emissions.

What is hydroma & PCA doing in Africa & Canada?

Back in December in Washington DC, Hydroma Inc and PCA signed a Memorandum of Understanding (MoU) to develop a green and natural hydrogen project portfolio in Africa and Canada! Check out the details on our Website on the link below: #H2 #greenhydrogen #naturalhydrogen #Hydroma #PegasusCapitalAdvisors #MoU #partnerships

What is hydroma doing in Bloc 25?

Hydroma will continue the exploration of its bloc 25 while initiating the exploitation phase for large scale local and international uses via electricity production, mobility and various other applications. How is Natural Hydrogen generated?

Hydroma Inc | 421 followers on LinkedIn. Africa, a leader in the energy transition with green and natural hydrogen | Founded in 2006, Hydroma Inc is an energy provider specialized in natural and green hydrogen with a strong presence in West Africa through multiple subsidiaries. Our mission is to accelerate the energy transition by including natural and green hydrogen in the African ...

Hydroma started the world's first electricity production from natural hydrogen without any CO₂ emissions via direct combustion. For more than 7 years this pilot project continuously supplied the village of

Hydroma inc New Caledonia

Bourakebougou with electricity.

Based on the CO₂ emissions generated during its production process, a rainbow of colors is used to determine the type of hydrogen generated: grey, green, white, blue, turquoise, and many others The most widespread hydrogen production processes use fossil fuels and are highly CO₂ emitting, such as methane reforming and gasification. They can be referred to as grey, ...

The HW 25-12 rotary transfer machine is a modular system consisting of up to 12 horizontal and 6 vertical spindles until rigidly mounted around a precision cast iron ring. This arrangement has the capability of providing tremendous versatility and flexibility in a turn-key machining system. With 1" capacity, the HW 25-12 machine is ideally suited to produce parts from bar stock or blanks ...

MoU between Senegal's PSE and Hydroma Inc. (Press Release) In Press Releases Posted August 6, 2022. New Natural Hydrogen Drilling Campaign at Bourakebougou. In Events Posted June 21 ... Hydrogen production and the rise of new energy: aliou boubacar diallo raises mali to the top of clean energy! Posts navigation. Older Posts Older Posts. Newer ...

Hydroma Inc | 1,299 followers on LinkedIn. Africa, a leader in the energy transition with green and natural hydrogen | Founded in 2006, Hydroma Inc is an energy provider specialized in natural and green hydrogen with a strong presence in West Africa through multiple subsidiaries. Our mission is to accelerate the energy transition by including natural and green hydrogen in the African ...

Hydroma Inc | 1,358 followers on LinkedIn. Africa, a leader in the energy transition with green and natural hydrogen | Founded in 2006, Hydroma Inc is an energy provider specialized in natural and green hydrogen with a strong presence in West Africa through multiple subsidiaries. Our mission is to accelerate the energy transition by including natural and green hydrogen in the African ...

This new iteration of the EPIC platform boasts advancements such as enhanced operations, production reporting, down time analysis, trouble shooting, and preventative maintenance interval scheduling. These features, among others, will yield improved part set-ups, changeovers, process tooling development, and integrated tool monitoring. An upgraded servo control features ...

Après huit années de phase expérimentale, Hydroma Inc, le précurseur de l'hydrogène naturel au Mali passe à la vitesse supérieure. Les puits d'hydrogène naturel exploités par cette entreprise serviront désormais à produire de l'électricité propre et grande échelle pour satisfaire les besoins énergétiques du Mali et même d'autres pays du continent africain.

The Hydromat Force CNC Rotary Transfer Machine line of rotary transfer machines can be equipped with collets or chucks for precision metal cutting. This exceptional design is a modular system consisting of horizontal and vertical toolspindles mounted around a precision cast base. This state-of-the-art machine is a

Hydroma inc New Caledonia

ballscrew electromechanical system that offers modularity ...

As owners of 100% of Block 25, 60 km from Bamako, Hydroma is the world pioneer in the research, discovery, extraction and exploitation of natural hydrogen, also called "white hydrogen".

Fondé par un entrepreneur malien, Hydroma Inc est un leader canadien dans le développement de projets d'hydrogène renouvelable & grande échelle avec un fort accent sur le continent africain. Pionnier dans la découverte, la recherche, l'exploration et l'exploitation de l'hydrogène naturel au Mali et dans le monde, Hydroma ...

Hydroma Inc | 1,225 followers on LinkedIn. Africa, a leader in the energy transition with green and natural hydrogen | Founded in 2006, Hydroma Inc is an energy provider specialized in natural and green hydrogen with a strong presence in West Africa through multiple subsidiaries. Our mission is to accelerate the energy transition by including natural and green hydrogen in the African ...

The different data used to identify and characterize the different formations and hydrogen accumulation zones between 0 and 530 m. Track 1: The true vertical depth, Track 2: The natural gamma-ray (GN), Track 3: The density (RHOB) and neutron porosity (NPHI) in limestone matrix scale, Track 4: The formation's nature, Track 5: concentration of H₂ from gas logging and ...

MoU between Senegal's PSE and Hydroma Inc. (Press Release) In Favorite, News Posted February 5, 2024. How Hydroma launched the white Hydrogen wave from a Malian village. ... New Wildcatters Are Drilling For Limitless "Geologic" Hydrogen. In ...

La Holding Petroma Inc. devient Hydroma Inc en 2019. L'hydrogène naturel est inscrit dans la stratégie nationale Allemande sur l'hydrogène en 2020. Chapman Petroleum Engineering publie le rapport NI 51 101 sur les ressources et les réserves d'hydrogène naturel en 2020.

Hydromat, Inc. 11600 Adie Road . St. Louis, MO 63043 . Phone: 314.432.4644 . Fax: 314.692.9186 . kshults@hydromat . Hydromat Inc. Introduces the New "Eclipse", a Larger, More Powerful Rotary Transfer Machine at IMTS 2016 . ST. LOUIS, MO At IMTS 2016 - HydromatInc. will present the new Eclipse concept, a unique 12 station Rotary ...

Petroma Inc (which later became Hydroma Inc) was created. It acquired its first exploration permits for Block 25 and Block 17 in Mali, which are subsequently consolidated under Block 25 with a surface of 43,000 km² (bigger than Switzerland).. The company begins a phase of research and exploration work with several international partners, including Chapman ...

Hydroma Inc | 1,284 followers on LinkedIn. Africa, a leader in the energy transition with green and natural hydrogen | Founded in 2006, Hydroma Inc is an energy provider specialized in natural and green hydrogen with a strong presence in West Africa through multiple subsidiaries. Our mission is to accelerate the energy

Hydroma inc New Caledonia

transition by including natural and green hydrogen in the African ...

EPIC CNC Technology For Legacy Hydromat Machines Hydromat Inc. presents two add-on systems, the EPIC RS (Remote System) and EPIC SS (System Six), ... The new EPIC SS (System Six) connects up to six EPIC CNC toolspindle units on one Legacy Hydromat machine. It comes standard with the full size EPIC operator interface mounted on a self-contained ...

Africa, a leader in the energy transition with green and natural hydrogen | Founded in 2006, Hydroma Inc is an energy provider specialized in natural and green hydrogen with a strong presence...

Hydroma Inc is specialized in natural and green hydrogen project development with a strong presence in Canada and West Africa through multiple subsidiaries. A leader in the energy transition Hydroma supports the emergence of a ...

How Hydroma launched the white Hydrogen wave from a Malian village. In Favorite, News Posted December 20, 2023. Meet the boffins and buccaneers drilling for hydrogen. In News Posted November 17, 2023. ... New Wildcatters Are Drilling For Limitless "Geologic" Hydrogen. In News Posted June 9, 2023.

René became the CEO of Hydroma Inc. in 2022. Jacques Lemay. Exploration Operations Director. Jacques has over 30 years of experience in operations and project management, as well as crisis resolution within the energy field across Canada, Europe, Africa and the Middle East for HydroQuebec and Wartsila, among others etc.

Hydromat, Inc. Machinery Manufacturing Maryland Heights, Missouri 2,395 followers For 40+ years, Hydromat has been the leader in Precision Rotary Transfer technology and Mill/Turn machining centers.
