

Laos integrated energy solutions

What is Laos energy security?

Laos Energy Security (LES) is a part of the U.S. Government's initiative: "Enhancing Development and Growth through Energy" (CLEAN EDGE Asia). CLEAN EDGE Asia supports expanded access to energy, promotes energy diversification and trade and integration of clean energy markets, and strengthens energy security throughout the Indo-Pacific region.

What is USAID Laos energy security?

USAID Laos Energy Security, a five-year activity funded by the United States Agency for International Development (USAID), supports the Government of Laos (GOL)' efforts to improve the planning, policies, and performance of the Lao energy sector.

How did the activity support Laos' EV adoption policy?

The Activity supported Laos' EV adoption policy through various means, including facilitating public-private dialogue for EV Charging Station Business Management Regulation, developing a recommendation report to support drafting the national EV roadmap, and fostering knowledge exchange on regional EV developments.
