

Liechtenstein allied energy international

What is energy in Liechtenstein?

Energy in Liechtenstein describes energy production, consumption and import in Liechtenstein. Liechtenstein has no domestic sources of fossil fuels and relies on imports of gas and fuels. The country is also a net importer of electricity.

What does energy Allied International do?

Execution. Completion. Energy Allied International is an international projects development firm that identifies and develops large scale, energy and infrastructure projects primarily in North America, Africa and the Middle East. Our activities are primarily focused on downstream oil and gas industry.

Is Liechtenstein a solar power station?

Samina Power Station, currently the largest of the domestic power stations, has been operational since December 1949. In 2011-2015, it underwent a reconstruction that converted it into a pumped-storage hydroelectric power station. In recent decades, renewable energy efforts in Liechtenstein have also branched out into solar energy production.

What is Liechtenstein's national power company?

Liechtenstein's national power company is Liechtensteinische Kraftwerke (LKW, Liechtenstein Power Stations), which operates the country's existing power stations, maintains the electric grid and provides related services. In 2010, the country's domestic electricity production amounted to 80,105 MWh.

Is Liechtenstein a member of the United Nations?

Liechtenstein was admitted to the United Nations in 1990. It is not a member of most specialized agencies of the United Nations, with the exceptions of the International Telecommunication Union, the Universal Postal Union and the World Intellectual Property Organization.

Is Liechtenstein a member of EFTA?

This union also led to its independent membership in the European Free Trade Association (EFTA) in 1991. Unlike Switzerland however (where citizens rejected membership in a referendum), Liechtenstein is part of the European Economic Area. Liechtenstein was admitted to the United Nations in 1990.
