The Maldives government has set an ambitious goal of sourcing 33 per cent of the nation's energy from renewable resources. As a flagship initiative, the Magey Solar Programme is pivotal in helping to achieve this target, promoting cleaner energy sources while providing financial benefits to households across the archipelago.

World Bank-financed projects ASPIRE and ARISE support the Maldives' energy transition by installing more than 53.5 megawatts of solar capacity and 50-megawatt hours of battery storage. This will reduce Maldives' annual import bill by about \$30 million, with a project lifetime saving of \$756 million over 25 years.
