

Morocco risks implicating other states by exporting Western Sahara energy, for instance to the EU. The EU has promised not to import green energy from the territory, but is unlikely the EU will be able to differentiate energy generated in Morocco proper and energy generated in the occupied territory, as it will pass in cables under Strait of ...

More than eight years have passed since Siemens first issued a press release regarding a contract for construction of energy infrastructure in occupied Western Sahara. The company then described the territory as "Southern Morocco". Now, it has done that again. In a press release [or download] of early September, Siemens Gamesa Renewable Energy (SGRE) announced that ...
