

Met energy trading Uruguay

MET Group allocated 70% of its capital expenditure to green projects, achieving a 72% increase in renewable energy output in 2023. This is one of the conclusions of the Swiss-based company's inaugural TCFD Report, reaffirming MET's dedication to climate transparency and driving the transition towards a low-carbon economy.

MET Group is a Swiss-based European energy company with activities in natural gas, and power markets, focused on multi-commodity wholesale, trading and sales, renewable energy and industrial assets. MET was founded in 2007, starting as a MOL subsidiary (Magyar Olaj- és Gázipari Nyilvántartás, Hungarian Oil and Gas Public Limited Company). In 2022, MET Group's natural gas trading volume was 109 BCM.
