The Modular Systems Mod enhances a few blocks to better improve their functionality. The furnace expansion allows you to upgrade the furnace to improve smelting/cooking time, use less fuel per cook, or multiply your outputs. It will improve depending on what type of blocks you use to assemble it. You need to build at least a 9x9x9 cube with the ...

Previously, this mod was two separate framework mods called Modular Encounters Spawner and RivalAI. Previous to those mods, there were two older framework mods that controlled spawning for Planetary Cargo Ships and Planetary Installations. All of these framework mods were difficult to manage as separate mods, so a decision was made to merge them all into a single framework.
