MEXICO CITY, June 27 (Reuters) - Mexican President-elect Claudia Sheinbaum named close ally and former Mexico City finance chief Luz Elena Gonzalez as incoming energy minister, tasking her with ...

Nearshoring is being limited by structural issues faced by Mexico's electricity sector. Mexico's grid has struggled to keep up with rising demand. The country suffers an "energy deficit," facing difficulty connecting new manufacturing plants to the grid and--by extension--to renewable energy sources.

BOEM has deemed both Hecate and Invenergy to be legally, technically, and financially qualified to hold a renewable energy lease in the Gulf of Mexico. Based on this, BOEM has determined that competitive interest in the two RFCI areas exists and will publish a Determination of Competitive Interest in the Federal Register tomorrow, 13 December.

de lunes a viernes. ...

Nearshoring offers Mexico a major economic opportunity; however, current policy hindering power expansion, energy transition, and private investment forestalls this prospect. A report by the Center for the U.S. and Mexico on their collaborative workshop series with Tecnológico de Monterrey dissects the power sector's critical role in nearshoring efforts and ...

Projects Director @ SAMA ENERGY COMPANY | PMP, PMO · As a Project Director, I can lead the bid, tender, design, construction, installation, and testing and commissioning (T& C) of 380/110KV substations and 132KV overhead transmission lines (OHTL). I work with a team of Projectmanagers, contractors, consultants, and clients to ensure the projects are delivered on ...

With 30 years of experience in the subsidiary Pemex Exploration and Production, Maciel is aware that the energy transition will reach Mexico in the medium and long term. He estimates that by 2034 oil production will remain at two million barrels per day, as more intermittent renewable energy with storage begins to be used, and predicts that by ...

Comparison of Energy Costs Mexico vs USA. As you can see, your energy expenses would be around 40% less during the summer in Playa del Carmen, Mexico, than during the winter season in the coldest places of the United States. Many Americans and Canadians come every year on vacation for the winter. Many more already own a property in Mexico ...
