

Modern solar batteries Belize

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Who installs the Orange Gallery Solar System?

We (The Orange Gallery) were the first official grid-tied system in Belize. Our system was installed by SESB and we have been powering our operations with free energy from the Sun for a few years now. We love it and are happy to recommend SESB!" Which solar system is right for me?

Is a grid-tie Solar System a viable option?

If your monthly electricity bill exceeds BZD 500 and your energy consumption is mostly during the day, then adding a grid-tie solar system with or without battery back-up is more economically viable than going completely solar off-grid. Will my grid-tie solar system stay on during a grid outage?

"Solar power is the last energy resource that isn't owned yet - nobody taxes the sun yet". -Bonnie Raitt- I. Background Earth Day is celebrated each year on April 22nd. This day marks the ...

Pro Solar Engineering is the only company in Belize to offer all 3 major renewable energy sources-solar, wind and hydro power, including hybrid systems.
