Chris leads Maxar Space Systems, which provides advanced satellites and spacecraft systems for customers in the U.S. government, civil and commercial sectors. Before joining Maxar in May 2021, Chris spent more than two ...

Taxation of individuals' income in Montenegro is based on their residence status. Residents are subject to tax on their worldwide income from any source. Non-residents are taxed on income related to a fixed base/permanent establishment (PE) in Montenegro and royalties, interest, and rental income from immovable property in Montenegro.

NASA's Psyche mission will travel to a metal-rich asteroid, offering insight into how planet Earth formed. On a customized Maxar 1300 series featuring Maxar Space Systems' high-power solar electric propulsion system, the Psyche spacecraft will travel more than 1 billion miles to reach the main asteroid belt, and must be able to operate in significantly diminished sunlight.
