Cotswold Energy installed an air source... Cotswold Energy installed an air source heat pump into our house. They provide a brilliant service, from a very informative proposal with lots of helpful details, through the works when the lads fitting the system worked really hard to get the system in before the RHI incentive ended.

Cotswold Energy Group Ltd (CEG) replaced my old gas boiler gravity-fed system with a mains-pressure ASHP system. That included both a unit that utilises the spare energy from our solar panels to heat the water, and a monitoring system (MMSP) that provides historical information on how the system is performing.

The 2.5 kW Airwell air conditioning unit, expertly installed by Cotswold Energy Solution Ltd in the gaming room, guarantees optimal airflow and cooling efficiency. Specifically tailored for the PC and room size, it maintains stable temperatures, preventing overheating and enhancing performance. Additionally, its advanced filtration system ...

Cotswold Energy Group installed our air source heat solution. Cotswold Energy Group installed our system a few years back and with everything happening with energy nowadays, what a great decision we made. We are quietly smiling at everyone with massive monthly bills and now have a great heating system.

Cotswold Energy Group LTD.. Are a good company to deal with. They give expert advice, effective solutions. Very helpful. Ontime and very polite. I was really impressed with how neat and tidy their work is. A company to be recommended, especially if you are uncertain which products are the best for your house..

Cotswold Home and Energy Solutions are highly experienced in working from an initial thought process, through all the design and development stages, to either partial or full construction and to help ensure successful project completion.
