Shortly after Akuo Energy's photovoltaic project of up to 400 MW in Stip was declared a strategic investment, the Government of North Macedonia gave the same status to two planned solar power plants in Pehcevo and Karbinici in the country's east. Renewable Power International will invest in a photovoltaic power plant with a capacity of 85 MW.

Mey Energy said its contractors are all from North Macedonia. The new solar power plant will have a lifespan of 25 years. Company added that it will sell the electricity on the free market, primarily within the country. The solar power plant was built on private land. The location was favorable due to its proximity to the 110 kV network as it ...
