

Office building energy storage tender price in Bulgaria 2026

Why is energy storage growing in Bulgaria?

Energy storage in Bulgaria is expanding rapidly as the government awards nearly 10 GWh of capacity to 82 projects, boosting renewable energy reliability and grid stability.

How will the selected storage systems be distributed in Bulgaria?

The selected storage systems will be geographically distributed across Bulgaria and connected either to the national transmission grid or local distribution networks. All awarded projects must be operational by March 2026.

How much money will be invested in Bulgaria's electricity system?

Energy minister Vladimir Malinov said the investments, worth up to BGN1,153,939,700 (US\$657.4 million) "will guarantee the security and stability of the Bulgarian electricity system." Tender bids must be submitted electronically, with more information available on this portal.

What is the deadline for submitting project proposals in Bulgaria?

The deadline for submission of project proposals was December 5, 2024. The Bulgarian Ministry of Energy announced on December 6 that it has received 151 project proposals worth nearly BGN 5 billion, which far exceeded the available funding of BGN 1.154 billion. Of the submitted proposals, 118 projects--totaling BGN 1.6 billion--were shortlisted.

How many MWh will a new energy storage project deliver?

The selected projects will deliver a total usable energy storage capacity of 9,712.89 MWh, the Ministry of Energy said on April 17, more than three times the minimum target of 3 GWh originally set by the tender. The deadline for submission of project proposals was December 5, 2024.

Bulgaria will finance 82 standalone renewable energy storage projects worth over 1.15 billion leva (\$675 million) under its EU-funded procurement exercise named RESTORE.

Developers of 249 projects in Bulgaria will receive EUR 268 million in total grants for renewable electricity plants with energy storage.

The draft for the RESTORE public call for support to energy storage facilities in the electricity transmission system was issued for public consultation. Bulgaria earmarked EUR 589 million for the endeavor, funded ...

Approximately 200 million EUR investments to encourage the combination of new renewables with local electricity storage facilities (totaling around 200 MW); Transformation of AES ...

Office building energy storage tender price in Bulgaria 2026

The new system also signals the beginning of Bulgaria's national plan to reach 10 GWh of battery storage capacity within the next year. A recent capacity tender has already ...

3 · Thailand tenders 2025-09-10 page 2 of 3 Tender Impulse is your trusted global tender website and tender aggregator, offering access to tens of thousands of tenders from over 190 ...

The Bulgarian Ministry of Energy is readying to launch a tender on September 2 and provide Capex support for the construction and commissioning of 3 GWh of standalone energy storage facilities ...

Solar, Wind, Gas (LPG, Hydrogen) and Other Renewable Energy Tenders. Tender Bulletins that contain tenders in the Solar, Wind, Gas (LPG, Hydrogen) and Other Renewable Energy ...

Bulgaria's Ministry of Energy will finance 82 standalone renewable energy storage projects with a combined grant budget of BGN 1.154 billion (~\$675 million) under the EU-backed RESTORE procurement scheme.

The market for battery energy storage is estimated to grow to \$10.84bn in 2026. The fall in battery technology prices and the increasing need for grid stability are just two reasons GlobalData ...

A total of 151 proposals were submitted under Bulgaria's RRP's RESTORE program, aimed at building a national energy storage infrastructure for renewable energy ...

Bulgaria has initiated a tender for 3,000 MWh of new energy storage capacity, supported by the EU, to enhance the integration of renewable sources like wind and solar into ...

The Ministry of Energy in Bulgaria has launched 2 separate calls to build new renewable energy capacity and energy storage facilities in the country with more than BGN 535 million (\$298 million) budget.

The tender is funded under Bulgaria's National Recovery and Resilience Plan (NRRP), which aims to significantly increase the share of energy from renewable sources in the nation's energy mix, while simultaneously ...

The tender for the design, manufacture, installation and 20-year operations & maintenance (O& M) of battery energy storage systems (BESS) for Power China's 2025-2026 ...

Search English ?????? ???? ?????? GOVERNMENT OF INDIA ???? ??? ?????????? ?????? ?????????? MINISTRY OF NEW AND RENEWABLE ENERGY Home About ...

Called the National infrastructure for the storage of electricity from renewable sources (RESTORE), the programme seeks battery energy storage system (BESS) resources that will go into operation by March 2026. ...

Office building energy storage tender price in Bulgaria 2026

In that call, 2,660MW of renewable projects won funding while 1,000MW of energy storage projects were successful, spread across 65 projects winning a total of 427.5 ...

Bulgaria preps 3 GWh standalone energy storage tender 2026; The Bulgarian Ministry of Energy is readying to launch a tender on September 2 and provide Capex support for the construction ...

In January 2024, the Polish Energy Regulatory Office announced the results of the energy storage tender, and Greenvolt became the biggest winner of the bidding, winning 6 ...

With new tenders driving innovation, this article explores the latest developments, eligibility criteria, and strategies to succeed in Bulgaria's competitive energy market.

Bulgaria's standalone energy storage tender, which aimed to procure at least 3 GWh of cumulative usable capacity, ultimately awarded more than three times that amount.

Currently, Bulgaria's electricity market offers an opportunity for EUR110 (\$122) per MWh profit on battery energy storage with two hours of discharge capacity using energy arbitrage. Rystad Energy's analysis estimates battery ...

More ambitious projects - a European funded tender scheme for 1.4 GW/1.68 GWh renewables- plus-storage as well as 6 GWh of stand-alone storage - were previously announced but still ...

Both the average price and the maximum value ended up above the previously held solar farm auction in July. Numerous solar-plus-storage projects that won contracts in the 2020/21 Tender have come online or started ...
