Welcome to G-POWER, your premier destination for all your green power needs. As a leading provider of eco-friendly solutions, we take immense pride in offering a wide range of top-quality inverters, batteries, solar panels, solar lights, and solar pumps. When it comes to sustainable energy solutions, we stand head and shoulders above the rest.

Problem with solar for families is that they are super expensive. In a lot of Ethiopian families now they have simple lamps powered by small solar panel for when there is an outage. Those kind of small devices could be affordable but solar panels for a whole roof with battery and stuff that cost over 20, 30k usd don't make much market.
