1. Over the past five years, Antigua and Barbuda has been severely hit by a series of external shocks. Following Hurricane Irma in 2017, the economy was quickly returning to its previous growth trend when the COVID-19 pandemic dealt a major blow (largely through an abrupt halt to tourism), reducing per capita GDP in 2020 back to its 1985 level. Even as the ...

Antigua and Barbuda banned single-use plastic bags in 2016, becoming the first country in the region to do so. The island nation is now working to eliminate polystyrene products, which it hopes to achieve over the coming year.
