

Residential ESS project financing options in Ethiopia 2030

What is Ethiopia's ten years perspective Development Plan 2021 - 2030?

Economic growth has also slowed in recent years, which could strain a government facing political pressure within the country. This is the Ten Years Perspective Development Plan (2021 - 2030) elaborated by the Planning and Development Commission of the Federal Democratic Republic of Ethiopia. The Plan was officially launched on January 2021.

Is real estate housing a viable option for urban Ethiopians?

With this escalating urban housing demand, the private sector has also engaged in developing real estate housing in urban Ethiopia, but its contribution is very small in filling the gap. Nevertheless, evidence shows that many urban Ethiopians still live in houses that are not conducive to a healthy life.

What causes development problems in urban Ethiopia?

According to the World Bank, the fundamental causes for development problems in urban Ethiopia are land management, governance and municipal finance (World Bank, 2016).

What is the Ethiopian urban land policy & housing & real estate markets assessment study?

The Ethiopian urban land policy, housing, and real estate markets assessment study has taken into consideration the previous studies such as the Ethiopia urban land supply and affordable housing study (2019) and the Ethiopia urbanization review (2015).
