

What are the main sources of energy in Gabon?

(October 2009) Energy in Gabon comes from two main sources, fossil-fuels and hydroelectricity. Gabon also relies heavily on oil for its export revenues, exporting both crude oil and petroleum. In terms of its oil reserves, the country is one of the richest in sub-Saharan Africa, ranking 5th after Nigeria, Angola, Sudan, South Sudan, and Uganda.

How much energy does Gabon use?

Table: Gabon's Final Consumption of Different Energy Sources 2000-2018 During the year 2016, Gabon's imported electricity's capacity was about 344 million kWh, with no export capacity at all, while the country's exported crude oil in the year 2017 was approximately 214,200 barrels/day .

What type of electricity does Gabon use?

Renewable electricity here is the sum of hydropower, wind, solar, geothermal, modern biomass and wave and tidal power. Traditional biomass - the burning of charcoal, crop waste, and other organic matter - is not included. This can be an important source in lower-income settings. Gabon: How much of the country's electricity comes from nuclear power?

How is Gabon approaching energy planning?

To achieve climate agreements, and meet its growing energy demands, Gabon is approaching energy planning through a different process. News & Commentary Features/Analysis News Industry Sectors Generation Transmission and Distribution Metering Finance and Policy Climate Change Renewable energy Bio-energy Geothermal Hydropower Solar Wind

Does Gabon have a good electrification rate?

Compared to other countries in the region, Gabon has a good electrification rate with approximately 91.4% of the total population has access to electricity, leaving about 200,000 citizens lacking it . As shown in the following figure, Gabon's electrification rate has been steadily on the rise between the late 90s and 2008.

What is Gabon's urban and rural electrification rate?

Gabon's urban electrification rate reached almost 97.5% by 2017, while the rural electrification rate was 50% at the same year, as shown in the next 2 figures respectively. Gabon's Urban Electricity Access 1990-2017 (Tracking SDG7, 2019) Gabon's Rural Electricity Access 1990-2017 (Tracking SDG7, 2019)
