

Safari solar Togo

Is the new Togo solar power plant sustainable?

H.E. Mohammed Saif Al Suwaidi, Director General of ADFD, said: "This new Togo solar power plant truly reflects the level of sustainable impact we can achieve through the ADFD and IRENA renewable energy development program."

What is the largest solar project in West Africa?

One of the largest solar plants in West Africa to deliver clean energy to nearly 160,000 Togolese homes and businesses. Abu Dhabi, United Arab Emirates, 22 June, 2021 - The government of Togo has inaugurated one of the largest solar projects in West Africa and the first renewable energy facility in the country.

Who developed AMEA Togo solar?

The plant was developed by AMEA Togo Solar, a subsidiary of AMEA Power - a global renewable energy developer based in the UAE. IRENA remained heavily involved in the project throughout the process, brokering discussions between the Togolese government, ADFD and AMEA Power, and presenting solutions to construction and financing challenges.

Located in central Togo, this 50 megawatt facility will provide power to more than 158,000 households and save more than one million tonnes of CO2 emissions. The plant was built by AMEA Togo...

Lion Safari specializes in powering backup systems using renewable energies, which means you can also charge the Safari ME + XP using solar panels. The Lion Safari ME Kit includes 4 x Lion 100W 24V solar panels that allow your generator to keep going for hours in most off-grid situations.

To launch this strategy, Aspen has acquired Safari Energy, LLC ("Safari") from PPL Corporation (NYSE: PPL). The acquisition of Safari represents one of the industry's largest distributed solar C& I transactions to date. Founded in 2008, Safari has acquired or developed more than 600 C& I solar projects nationwide.
