Where does St Helena get its electricity from?

Many St Helenians take up jobs in Ascension Island, the Falklands and the UK. 75% of St Helena's power currently comes from 6 diesel generators, but the island is working towards a 100% renewable energy target.

Will St Helena have 100% renewable electricity by 2027?

The Government of St Helena announces it has chosen a supplier, PASH Global, to provide a Renewable Energy solution for St Helena, aiming for 100% renewable electricity by 2027. It is announced that Connect Saint Helena and PASH Global have signed an agreement to potentially meet 100% of the island's energy needs from renewable sources.

How can connect Saint Helena reduce reliance on diesel power?

Connect Saint Helena Ltd is committed to reducing reliance on diesel power generation by harnessing renewable energy sources. Renewable energy is cheaper to produce and does not harm the environment. We currently have 12 wind driven turbines located at Deadwood Plain. These turbines provide in excess of 20% of the island's electricity.

How many generators does connect Saint Helena have?

We have 4 generators which have a total capacity of 5,400kW. Connect Saint Helena Ltd is committed to reducing reliance on diesel power generation by harnessing renewable energy sources. Renewable energy is cheaper to produce and does not harm the environment.

Does St Helena have double-glazing?

You can see the 2017 figures (right). St Helena households and businesses have also adopted a wide range of energy saving measures, driven perhaps by the very high cost of electricity on the island (in 2014 it was up to £0.42p per kWh, depending on consumption). Double-glazing is, however, uncommon on St Helena - it is rarely cold.

Does Saint Helena have a bank?

Banking services on Saint Helena are provided by the Bank of St. Helena, which delivers a retail banking service to individuals and business in, and trading with, Saint Helena. There is no ATM on the island, so cash must be withdrawn from the Bank of Saint Helena cashiers in Jamestown (Monday-Saturday) or at Customs at the wharf (Thursday-Friday).

St Helena Government (SHG) in December 2019 signed a contract with Google to connect St Helena Island to the Equiano undersea fibre optic internet cable - and thus, St Helena's Fibre Optic Cable Project was born. The project was awarded funding under EDF11 and supports St Helena's 2017 Digital Strategy. The project should deliver St [...]
