Probably the best known and most widespread activity is riding the river rapids in a large rubber boat, in the company of friends, known as rafting. Rafting is perhaps the most popular water activity for tourists and is a safe way of experiencing a wild river, remote valleys and having an adrenaline rush.

Spend your holidays connected with nature. Along bustling rivers, placid lakes, in verdant forests or at the foot of majestic mountains. Find peace and relaxation in the great outdoors in one of Slovenia's many camping and glamping sites. When day turns into night, let the shine of the stars, the rustle of the forests and the ripple of the rivers accompany you to sleep.
