I got solar twice (different homes) in the last couple of years, and Solar Optimum was in the top 3 each time. Ended up going with an independent electrician that almost exclusively did solar... better pricing (~8%) and wayyy better service because the independent owner was also the lead installer and the only "sales guy" lol.

Solar Optimum. Residential Solar. August 23, 2024. Residents of Tucson, AZ have a lot to gain from installing a solar panel system. With over 350 days of sunshine a year, that's a lot of solar power generating potential. You can offset your energy bills, cool your house with solar and store or sell any energy you don't use. Here we'll ...
