# Solar panel accessories DR Congo

In 2017, Nuru successfully launched Congo's first solar-powered mini-grid. It also has a 1.3MW solar hybrid site in Goma, which is currently "the largest off-grid mini-grid in sub-Saharan Africa." In addition to these, Nuru has constructed two other solar hybrid sites in Beni and the Oriental Province, namely Tadu and Faradje.

The location of Bunia, Ituri, DR Congo, situated at 1.5662° N, 30.2426° E, presents a favorable environment for year-round solar energy generation. This tropical location benefits from consistent sunlight throughout the year, with seasons primarily characterized by wet and dry periods rather than significant temperature variations.

Location: Lubumbashi, RD Congo Mission: Empowering DR Congo with clean, affordable solar energy through high-quality Sunsynk solutions, transforming the energy landscape and promoting sustainable development. Vision: To be the leading provider of solar solutions for the residential, commercial and industrial sectors in the Democratic Republic of the Congo, powered by solar ...
