

Sudan sec industrial battery company

Who is SEC Battery Company?

SEC Battery Company is supercharging energy storage! What do you need the solution for? SEC partners are not restricted to one chemistry or application. We supply everything you need from Lead-Acid and Lithium-Ion industrial batteries, to the latest solar modules.

What kind of batteries does SEC battery make?

SEC's industrial battery portfolio is all-encompassing. Their products are 2-volt and 12-volt cells in AGM and gel valve-regulated lead-acid batteries, as well as flooded, tubular plate, flat plate, and nickel-cadmium batteries. Where is SEC Battery's headquarters? SEC Battery is located in Iver, Buckinghamshire, United Kingdom.

Is SEC a good battery company?

In 2016, the SEC group reported a staggering seven-times, year on year growth achievement and became the first battery company in the world to achieve the ISO9001: 2015 mark of quality. Quality standards demand that every SEC product is designed from scratch, integrating cutting edge technology with the best raw materials.

SEC understands the special needs of large-capacity energy storage. By introducing vented catalysts to our 2 Volt Gel and AGM batteries, we were the first battery manufacturers to increase life and decrease float charge requirements. The innovation continues with new high-capacity designs, manufactured to meet European ISO standards.

Plug into the SEC Partner Grid . If you're in the rail industry, partnership with SEC could be your gateway to success. The SEC Partner Grid will connect you with leads to supercharge your business. Then we'll throw in volume discounts, rewards, ready-made systems and a support network to help ensure growth in market share and profitability

The SEC Cellyte 2TLG series of VRLA Gel 2Volts builds on the Cellyte TLA platform utilising the same classic top terminal construction. They were designed for when a cost effective but reliable solution is required.

SEC batteries are designed to excel under the demanding and dynamic conditions faced by telecom service providers. Our rack-mounted batteries use an innovative plate design for a combination of extreme reliability in harsh conditions, low maintenance, and long life. SEC has designed several ranges specifically for telecom operators.

Our MICROLYTE Lithium-Ion battery series packs maximum power into a small package using a new patented nano-technology. SEC's Nickel Cadmium batteries use an innovative plate design for a combination of extreme reliability in harsh conditions, low-maintenance, and long life. View our entire airport battery

When the power goes out, the lights need to stay on - and if you've chosen the right battery, they will. SEC are globally renowned battery manufacturers. We make long-lasting Lithium-Ion, VRLA and AGM batteries that are vibration and shock resistant. Our batteries are suited to emergency vehicles and safety equipment.

SEC battery supplies agents and purchasers in the medical sector with a range of energy storage. Buy a long-lasting, quality 6-12V battery from SEC today. ... SEC industrial batteries provide reliable power when failure is not an option We are the one company that both understands and can meet the diverse needs of the medical industry ...

SEC deep cycle batteries are designed with thick plates for long life in frequent discharge applications. Showing all 5 results Default sorting Sort by popularity Sort by average rating Sort by latest Sort by price: low to high Sort by price: high to low

SEC industrial batteries provide rugged power you can rely on in harsh and demanding conditions . Enquire. Keep oil and gas projects flowing with dependable energy storage. Oil and gas extraction provides an immense supply of power that is crucial to our global energy mix. But the processing and exploration required to extract these resources ...

The Microlyte MP is a range of valve regulated AGM batteries and is available in a wide range of industry standard sizes. This mainstream range still features SEC reliability, but is suitable for all general standby applications at the more cost sensitive end of the market.

The Nicad Avantgarde series features long, medium and high rate of discharge options allowing you to select the optimum solution for all industrial applications. These robust blocs single cells are built to German standards using a double perforated plate design.

The ML is compact, robust and incredibly reliable. Constructed with world-class LiFeP04 cathode materials, it's extremely effective in a wide temperature range. The small volume and high charge/discharge rate offer stability and energy density.

Specialties SEC Industrial Battery Company is one of the few battery companies in the World who offer a full comprehensive range of, AGM, or, Gel, stationary, battery, and for industrial applications

The SEC Cellyte TLG series of VRLA Gel monoblocs builds on the Cellyte TLA platform utilising the same classic top terminal construction, designed for when a cost effective but reliable solution is required.

SEC is looking for an exceptional Operations Director to take on this senior role in our Hong Kong head office. You will work closely with our Group CEO to supplement the sourcing, manufacture, and assembly of our extensive line of ...

Sudan sec industrial battery company

SEC home is where you need it to be. We have people in the UK, Bahrain, Hong Kong, and Indonesia but we'll go any where the sun shines to charge your world. Order energy storage solutions across the globe and save your little part of ...

Dependable power in any weather condition. SEC knows that the open water is no place for failure. Captains need absolute reliability. Good batteries will crank the engine every time, but great deep-cycle marine batteries are those manufactured for power and safety. That means high energy density, post seals which won't leak and explosion-proof vents.

SEC Energy Storage has been built with hundreds of years of combined experience in the energy industry. Today this foundation means we're ahead of the game as the industrial battery market matures. All of SEC's energy ...

SEC Industrial Battery Co. Ltd-? ... SEC Industrial Battery. SEC Industrial Battery Co. Ltd Thorney Weir House, Thorney Mill Rd, Iver, Bucks, SLO 9AQ Click to show company phone secbattery : ; ; ...

As an independent company, SEC are one of the few battery manufacturers with the freedom to combine emerging technologies, and top of the line design. ... SEC Industrial Battery was the first to use a patented technology to extend the design life and improve the performance of VRLA batteries. We called it the SEC CatVent and its been ...

The SEC newsroom features a wide range of industry and consumer specific information on both the battery power systems of today and into the future. Select a Language ENGLISH

The Nicad Avantgarde series features long, medium and high rate of discharge options allowing you to select the optimum solution for all industrial applications. These robust blocs single cells are built to German standards using a double ...

3. SEC BATTERY IN THE NEWS. SEC not only aims to become one of the most popular educational resources for science and renewable energy news, but also, to build and grow as a company. We don't just want to publish and distribute ...

SEC Energy Storage has been built with hundreds of years of combined experience in the energy industry. Today this foundation means we're ahead of the game as the industrial battery ...

The NicaCell flooded series is crafted using our well-proven pocket plate design, making it perfect for extreme applications. These NiCad cells will do the job when no other product can withstand your temperature, maintenance, deep discharge or lifespan requirements.
