Sertifikati kvaliteta TuV i CE garantuju proizvodnju i nakon 30 godina eksploatacije. u ponudi imamo razne proizvodjace i razne cenovne rangove za svaciji dzep."&

Economic performance across regions often reflects deeper systemic issues that warrant in-depth analysis and action. A recent post by the Romanian Economic Monitor underscores the GDP per capita disparities within Romania, highlighting the extensive range from 44% in Vaslui to 280% in Bucharest. These figures prompt a broader discussion about regional economic inequalities ...

In addition to the solar panels, the installation includes a solar water heater. This energy-efficient system ensures a constant supply of hot water, powered entirely by the sun. The solar water heater not only contributes to reducing energy bills but also supports a greener lifestyle by lowering the household's carbon footprint.
