R Solar Group Georgia. 176 likes. R Solar Group was started to change the way solar is done. By placing honesty and care at the beginning of each project, We want you to be apart of the change.

In addition to the solar panels, the installation includes a solar water heater. This energy-efficient system ensures a constant supply of hot water, powered entirely by the sun. The solar water heater not only contributes to reducing energy bills but also supports a greener lifestyle by lowering the household's carbon footprint.
