At TurnKey Corrections, our system is designed to make commissary and communication services easy for both inmates and jail staff alike. Simple accounting procedures, thorough training, and comprehensive service ...

Turnkey infrastructure is flexible by default. We intentionally prioritize low-level primitives in our product to avoid creating blockers for developers building new kinds of applications on Turnkey.

TurnKey cFactory(TM) software accelerates time to market and eliminates the cost and complexity of test automation. It's the only intelligent, data-driven framework designed to streamline testing at each stage of the testing process.

The term turnkey project (Turn-key delivery) describes a project (or the delivery of such) in which the supplier or provider is responsible to the client for the total result of the project and presents it to the client, finished and ...

TURN KEY SUPPER CLUB is located at 1344 East Washington Ave in one of Madison's most historic buildings built in 1885. We are conveniently located within biking and walking distance to ...

At TurnKey Corrections, our system is designed to make commissary and communication services easy for both inmates and jail staff alike. Simple accounting procedures, thorough ...

Turnkey projects are comprehensive contracts where one party designs, builds, and prepares a facility or system to be fully operational upon delivery to the project owner.

The TurnKey Linux VPN software appliance leverages the open source "openvpn-server", "openvpn-client" and "easy-rsa" software (developed by OpenVPN® Inc.) to support "site-to-site" ...

A turnkey contract is an agreement where a single contractor handles the entire project--design, construction, and delivery--until it's fully operational. The client's role is minimal, often just "turning the key" to start ...

Turnkey project management is not just a delivery model; it's a philosophy of comprehensive accountability, meticulous planning, and end-to-end execution. It encompasses the entire lifecycle of a project from design and ...

Turnkey is on a mission to secure the open internet. Based in NYC with over 100+ years of combined experience in cryptography, security, and low-level systems.
