

Union solar ohio Chad

Richwood Solar is a proposed renewable energy project with 250-megawatt (MW) of solar and a 50MW battery energy storage system (BESS) on approximately 1,435 acres of land in Leesburg, Claibourne, and Taylor Townships, Union ...

Construction of the Acciona solar project is nearing completion and officials said it should be finished by spring. Union County Administrator Bill Narducci updated the commissioners Wednesday on the company's Union Solar project, which began construction more than a year ago. Narducci said he recently met with Brian Dunnebeck, development ...

TL/DR - The leaders of the International Brotherhood of Electrical Workers, Laborers International Union of North America, and International Union of Operating Engineers have signed a national tri-trade solar agreement aiding the construction of utility-scale solar projects. The agreement streamlines the process for bringing such projects onto the grid, and ...

COLUMBUS, OHIO (Feb. 17, 2022) - The Ohio Power Siting Board (OPSB) today approved an application filed by AEUG Union Solar, LLC to construct a solar-powered electric generating facility in Union County. The 325 megawatt Union Solar facility will occupy 2,013 acres within a 3,355-acre project area in Washington and York townships.

For Immediate Release: October 14, 2023 . Contact: Matt Spence, 202-728-6014. IBEW, IUOE, LIUNA Sign Historic Three-Union Solar Agreement. This week, the presidents of the International Brotherhood of Electrical Workers, the Laborers International Union of North America, and the International Union of Operating Engineers signed a national tri-trade solar ...

Ohio has a statewide net metering policy, which means you can get bill credits for excess energy your system produces. When solar customers generate more energy than they use in a month, the customer will be billed the appropriate monthly charges and credited for net metering energy with a cumulative kilowatt-hour (kWh) credit on their bill.
