Which solar projects are being built in Azerbaijan?

The installations include the 445 MW Bilasuvar PV project and the 315 MW Neftchala solar plant, both in southeastern Azerbaijan. Investors signed investment agreements for the projects in October 2023 and have since signed power purchase agreements, transmission connection agreements, and land lease agreements.

How many solar projects will Masdar build in Azerbaijan?

Utility-scale solar developer Masdar is set to develop two new solar projects in Azerbaijan. Masdar will build three solar and wind projects with a combined capacity of 1 GW. Masdar and State Oil Company of Azerbaijan Republic (SOCAR) have signed a shareholder agreement for each of the projects.

Is Azerbaijan a 'key strategic market' for Masdar?

It is Azerbaijan's first foreign investment-based independent solar project and currently the largest PV plant in the Caspian region. Masdar Chief Executive Officer Mohamed Jameel Al Ramahi said Azerbaijan is a "key strategic market" for the company. Azerbaijan has set a target of generating 30% of its energy capacity from renewables by 2030.

Eagle Imperial Eagle / Aquila heliaca Order: Hawk-shaped Family: Hawk Category and status: VU A2ad; II.1., II.4. Distribution: Nests in the foothills, and inhabits the steppe part of Azerbaijan Habitat and way of life: Does not breed and gives birth in places with rocks, ravines, and rare trees. Arranges nests in April, lays 2-3 eggs per year, incubation lasts about 43 days.

Within the COP29, a groundbreaking ceremony of the Shafag Solar Power Plant with a capacity of 240 MW was held in Jabrayil. This station is the first utility-scale solar energy and the largest foreign direct investment project implemented in the liberated territories.

Southwest Russia, along the Caspian Sea, Kazakh steppe, across Azerbaijan. Gray wolves are among the largest predators to have survived the extinction at the end of the last ice age. Though they usually eat almost every animal they can catch, the steppe wolves have been known to occasionally kill more than they are capable of feeding on ...

The EBRD is supporting Azerbaijan's decarbonisation plans. The Bank has been instrumental in pioneering green projects there, including the financing of a first utility-scale solar plant in Garadagh, and the country's largest wind farm in Absheron and Khizi. To date, the EBRD has invested more than EUR3.7 billion in 189 projects in Azerbaijan.

The UAE's clean energy pioneer has also signed agreements to develop onshore wind and solar projects and integrated offshore wind and green hydrogen projects with a total combined capacity of 4GW in the country. Masdar and Azerbaijan have agreed on an option to expand the total capacity for renewable projects to 10GW across multiple technologies.
